Mirrors & Space Savers

Be inspired to design your bathroom space with our extensive range of mirror styles and slim space saving vanities. Whether you want to create an illusion of space, brighten the room or add some extra storage, we offer beautiful, functional solutions for any size bathroom.

DESIGNING FOR A *Small Space*

By carefully planning the elements in your bathroom, you can create a luxurious open plan design. Explore our tips on how to maximise your bathroom space.

ATMOSPHERE

Amplify the perception of space by incorporating either artificial or natural light into your bathroom. If you don't have access to a window or skylight, opt for an LED mirror for extra illuminance.

STORAGE

Keep your bathroom organised with the use of a slimline ensuite vanity or mirror cabinet. Semi-recessing your mirror cabinet into the wall increases space above your vanity without sacrificing storage. Bathroom accessories such as hooks are an easy way to add more storage without taking up too much room.

COLOUR PALETTE

Don't compromise on style in a small space! Narrow down your colour palette by choosing lighter shades to elevate the space and remove the focus from the walls. Vertical tiles can help a room appear taller while horizontal tiles can help make a room appear longer. To create a seamless look, you can match the grout colour to your tiles.

SPACE

Wall-hung vanities are perfect for creating the illusion of space by showing off more of your tiles. To save space, a wall mounted mixer is one way to keep your benchtop free from clutter and regain bench space. Be aware of your surroundings and ensure the vanity and other bathroom fixtures are clear from swinging or sliding doors.

Curved Mirrors

Our curved mirrors have a simple and clean design that will never go out of style. Available in round, pill or arch designs with a polished pencil edge, they are perfectly suited for traditional or modern bathroom designs. Our curved mirrors are quick and easy to install by simply gluing onto the wall.

Rectangular Mirrors

Elevate and enhance natural light in your bathroom with a Fienza rectangular mirror. You can choose whether to install your mirror in portrait or landscape orientation to create a focal point that accentuates your space. Our rectangular mirrors are available in a range of sizes to suit any size bathroom or ensuite. We have two installation types available, mounting bracket* or glue-on installation for selected mirror sizes.

Our Siska Slim Vanities are designed to optimise space in small bathroom or washroom areas with a narrow depth of 365 mm. The neutral whites will create a crisp and clean look that will complement any bathroom style. The Siska cabinetry features a u-shape fingerpull channel and full extension drawer runners for easy operation and functional storage.

- Gloss white vitreous china basin-top
- Requires 32 mm overflow waste (available separately)
- 12 o'clock tap hole as standard
- Satin white finish on cabinet (70% matte, 30% gloss for easy cleaning)

For 3 tap holes add \$50 to the price and '-3' to the end of code e.g. 75DFL-3

Ensuite Vanities

Our range of ensuite vanities are specifically designed for the smallest spaces in bathrooms, washrooms, and powder rooms. The vanity can become the main focal point in a small bathroom based on its style, colour and material. Choose from our scandi oak or industrial designs for a textured finish or keep it simple with our satin white cabinetry.

InvisiCab®

CONCEALED BATHROOM CABINET

InvisiCab® arose from a desire to reduce clutter in bathrooms and complement a minimalist lifestyle by making storage 'invisible'. Experience the freedom to design the bathroom you want without compromising on style and aesthetic.

- Conceals toiletries for a clutter-free bathroom
- Designed to fit seamlessly with wall tiles
- Easy-push open & closing mechanism
- Polished mirror-finish interior
- 316 marine-grade stainless steel
- Industrial strength door hinges to hold tile weight (left side only)
- Water glides away easily
